

Mounted Shooters of America has combined CSA's rules and patterns with our own.

Being an affiliate of MSA, club owners can hold both jackpots and regular events. Members can qualify for world events by holding matches and point events to win ultimate cash and prizes. Mounted Shooters of America pays a true 50% back to its contestants! Clubs are offered our user-friendly software system. The affiliation fee is only \$250.

Mounted Shooting of America offers Single memberships of \$55, Family memberships of \$85, Mavericks are \$35, and Lifetime memberships are \$400. Clubs receive a 50% return for all new members! This return will help with year-end awards or added money.

We offer shooters a chance to compete and have a great time doing so! Dress code is shooter friendly and you may run multiple horses in each event different, you just cannot run the same horse twice in the same course.

MSA 2016 World is a benefit to clubs because it drives attendance to get qualified. We have The Best and I repeat THE BEST club system without a doubt!

We will not compete with clubs by hosting our stand alone events, nor shut down clubs for our own benefit.
