

Patriot Update

It continues to bear repeating that the largest equestrian event in the United States that will be filmed for television is worth attending. With \$1,000 added money and 100% payback for the Sharpshooter event, this is reason enough to take part. Our Sharpshooters take home larger checks than most class winners in other associations. Those who attended our 2015 Worlds can assure you that they received the largest clean shooter checks they have ever received. Those who took home Sharpshooter checks from last year's Patriot will also tell you how generous those checks were.

As we have already stated, with a fraction of the participation enjoyed by our competition and less added money, the same World Champion we both crowned went home with more than twice the money from our event. Does that leave any doubt as to which association is most generous to their members? We are proud that our members never go home with a check they feel is unfair. There is simply no reason to wait and see or to miss the chance to find out for yourselves what the MSA provides our members. The time has never been better to take mounted shooting to the next level. The reason our entries are so high is because we have brought a bounty of opportunities for our members to select from at the same event. Never before have so many choices been available to earn payouts at one venue.

Our current total entries are now over 300 and still growing each day and that is a number to be proud of. The MSA has worked hard for your benefit. We have sent several updates and explained our worth and the value of The Patriot event. We exist to serve the interests of our members and to provide opportunities that no other organization has ever made available. We are excited to see our friends and supporters at The Patriot and are confident that this will be the most unique and enjoyable event you have ever attended.
